Second only to the family in its impact on the development of a child is his/her school. From the time a child enters school, his/her world widens and his/her opportunities grow.

As students advance from one grade to the next, they are expected to learn certain subject matter and gain specific skills. How well a student does in school not only greatly affects his/her ability to move forward, but shapes his/her concept of himself/herself.

Sometimes a student may have difficulty in a particular subject or fall behind in some of his/her studies. His/her school teacher may recommend tutoring assistance.

Hanover Township Youth and Family Services offers **Tutoring Services for students in grades 2-9.**

Tutoring Services provides:

- ◆ Weekly, one-hour tutoring sessions
- ◆ A small group of no more than 10 students
- ◆ A team of three certified teachers
- ◆ Weekly communication with the parent/guardian
- ◆ Progress report from student's teacher
- ◆ Celebration party for student(s) and their family.

Tutoring Services is designed to help students improve their academic skills. The program is not a substitute for school, but an additional resource.

Students bring homework assignments and school materials to the tutoring session. Our tutors will assist students to increase their understanding and skills.

ELIGIBILITY AND REQUIREMENTS:

- ◆ Students must live in Hanover Township.
- ◆ Students must be able to read and work in a small group.
- ◆ Parent/guardian and student must attend one, required Orientation Meeting.
